

Tetsu Yonezawa, Dr. Eng.

**Professor of Materials Science,
Faculty of Engineering, Hokkaido University**

[E-mail] tetsu@eng.hokudai.ac.jp

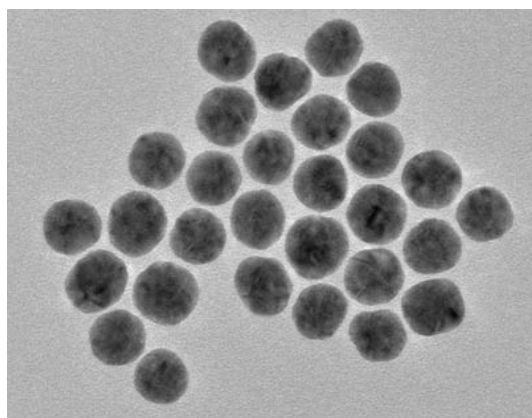

[Speciality] Nanomaterial Science, Mass Spectroscopy

[Keywords] Nanoparticles, Non-oxidized Metal Particles
SALDI-TOF-MS, Plasma Science, Dealloy

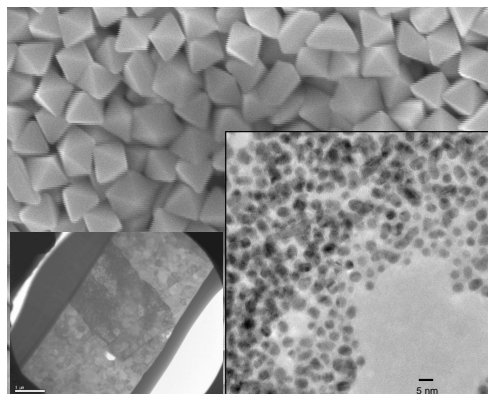

【Research Subject】

Development of LDI Sample Plate for Soft Ionization of Bio-related Molecules
and Their Ionization Mechanism

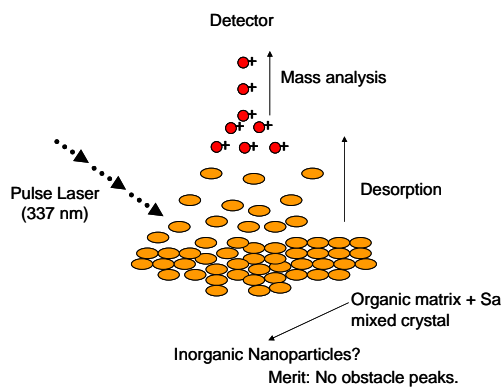

Research Group Activity

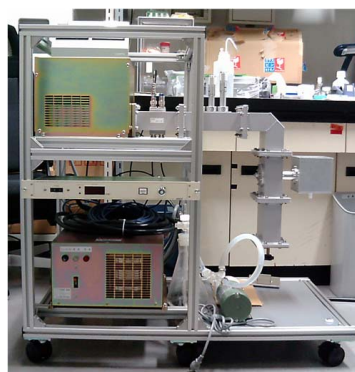

Nano Hokkaido
Chemistry and Physics of
Nanoparticles

Application of nanoparticles
for electronics

LDI-MS

Microwave plasma in liquid
