

# Mamoru FUJITSUKA

Associate Professor, The Institute of Scientific and Industrial Research, Osaka University

【E-mail】 [fuji@sanken.osaka-u.ac.jp](mailto:fuji@sanken.osaka-u.ac.jp)

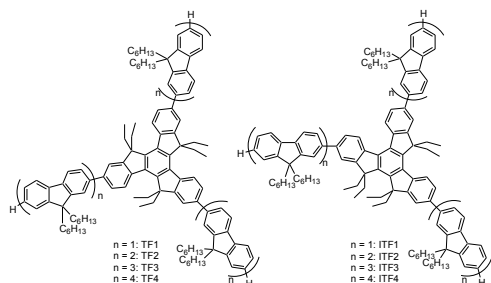

【Speciality】Photochemistry, Supramolecular Chemistry

【Keywords】Energy migration, Charge delocalization

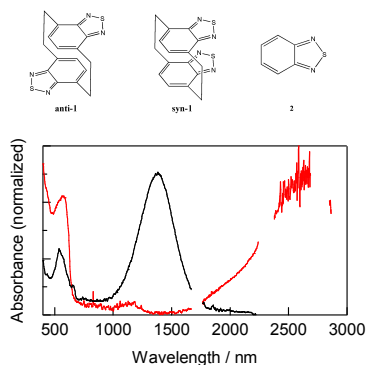

【Research Subject】 Study on Charge and Excitation Energy Delocalization Process in Polymeric Materials

## Research Group Activity

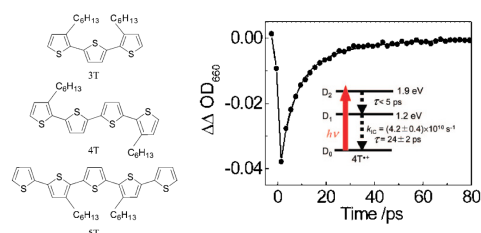

Structure change of branched oligomers in the excited state.

Charge delocalization of acceptor-type cyclophanes.

Excited state properties of radical cation of oligothiophenes.

Energy and charge migration in helical polymers.
